

Partner with PLS and Treez

Get the best hardware and IT support for your dispensary.

WHAT IS PLS?

In partnership with Treez.io, PLS has developed a custom array of hardware approved to work with the Treez.io platform and is flexible to various workflow needs. PLS also offers phone and email IT service packages at competitive prices exclusively for Treez.io dispensary partners.

WHAT IS TREEZ.IO?

Treez.io is the modern cannabis retail software built to simplify daily dispensary workflows. Whether you're running a single store or multiple locations, Treez.io provides compliance, point of sale, inventory management, mobile solutions and data to help you succeed.

PLS and TREEZ.IO are better together

ONE-STOP HARDWARE SHOP

From POS tablets to hardwired terminals, purchase curated hardware kits compatible with Treez.io directly from PLS.

HARDWARE INSTALLATION

PLS will help you install, configure, and test your hardware to ensure a smooth go-live with Treez.io.

ONGOING IT SUPPORT

Trust PLS for unlimited technical expertise by phone and email when you purchase an annual IT support subscription.

*PLS offers a full-coverage support plan for \$400 per year per location. Additional details are available from a PLS rep.
